

**tauber cabinet** *by Sebastian Herkner*

*The idea behind the design of Tauber Cabinet is based on the dealing with conventional coverings of ventilation shafts. The typical character of surfaces, covers and structures made of metal is rudimental of the design and the construction. The diagonal bends of the brass plate are important for the stability as well as the pattern. The Tauber Cabinet is a symbiosis between a bench and a sideboard.*

# tauber cabinet by Sebastian Herkner | CABINET

## ART. NR

9502RG  
9502S

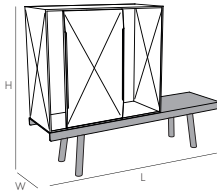

## COLOUR

reseda green  
black

## MATERIAL

CABINET  
steel, 1.0 mm, powder coated

BENCH  
steel, 2.0 mm, powder coated

## DIMENSIONS mm

1600 L x 420 W x 1260 H
